

HERITAGE or HERITAGE PRIME

Which network is right for your business?

Premera Blue Cross provides a choice of networks so employers can select one that best fits their needs and budget.

Heritage

- Our broadest provider network in Washington state
- Provides access to more than 37,600 doctors, clinics, and hospitals, including CHI Franciscan Health and Providence Health & Services systems
- Competitive network pricing and discounts

Consider choosing Heritage if:

Check all that apply.

- Having the biggest network is important to your business
- Your employees live in an area where it is important to have in-network access to CHI Franciscan Health and Providence Health & Services

Heritage Prime

- Our large network in Washington state with providers that commit to quality care, managed costs, and good customer experiences
- Provides access to more than 33,200 doctors, clinics, and hospitals, but **NOT** those in CHI Franciscan Health and Providence Health & Services systems
- Offers significant savings—a family of four could save on average \$1,800 per year when compared with the Heritage network

Consider choosing Heritage Prime if:

Check all that apply.

- The value of a network means more to your business than size
- If keeping costs low is a key priority for you and your employees
- If the majority of your employees do not need in-network access to CHI Franciscan Health or Providence Health & Services systems

Did you check boxes under both Heritage and Heritage Prime? Then consider offering both networks. Talk with your producer or Premera account manager to learn about your options.
